Aquila Building Careers

Start your career
with an internship at
Aquila!

- Because we develop programs that support the relationship between education and the business environment, which support students in preparing them for the labor market.
- Because we are always looking for motivated and enthusiastic colleagues, who will come with a new perspective and who, together with our leaders, will develop within the internship programs, becoming successful professionals.

What we wish for

To develop and support a strong and sustainable social partnership between higher education institutions and Aquila by concluding internship agreements.

To support the needs of the labor market to benefit from human resources trained in the spirit and organizational culture of the company.

What we offer

We share the Aquila entrepreneurial expertise, consolidated in over 26 years of activity, in order to develop and promote the local community.

We grant scholarships during the internship corresponding to the eligibility and selection criteria.

We ensure a fair and transparent selection in order to recruit the most determined and proactive students for internships, followed by permanent employment opportunities.

We offer trainee management programs for graduates recruited to lay the foundations for a solid career and long-term professional development.

Why should you apply

You benefit from the expertise in the Aquila entrepreneurial field, from the values, the innovative and professional spirit of the company.

You develop specific professional skills and competencies in order to increase your insertion on the labor market.

You become familiar with the specific environment of a job corresponding to the specialization you are pursuing.

Ongoing support from the mentor and team of colleagues and support in the desired career path.
